PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, OCTOBER 12, 1917

ANOTHER QUOTA TO BE CALLED FROM BOURBON.

Those who were fondly consoling themselves with the thought that Uncle Sam had all the soldiers he needed to assist the Allies, and that they were to rest in security from the draft will find themselves on the losing side. A notice was posted on the bulletin board in the office of the local Board of Exemption in the court house Wednesday, containing the names of thirty-one Bourbon county young men who have been certified back to the local Board by the District Board at Lexington, as being called for service.

The men have been notified by card, and many personally, to hold themselves in readiness to report for military duty at the office of the Board within the next seven days, and are specifically charged to keep a close watch on the bulletin board so as to be apprised of the exact date upon which they are called to report. The new call came as a surprise, as it had not been hinted at in any way by the local Board, nor had it been advertised in the papers or official bulletin. But the fact remains that the call has been made and the boys ordered to be ready.

The following comprises a list of the thirty-one men who are to comprise the next quota of drafted men from Bourbon county:

Frank C. Caldwell, Millersburg. Harvey Allen Rogers, Paris, R. F. D. 2.

Robert Barton, Hutchison. Washington Holmes, North Middletown.

V. D. Goldrick, Paris. Rodney M. Weathers, Austerlitz. John Jackson, Paris, Ky.

John Adams Mucker, Seventh street, Paris. Victor M. Williams, High Street, Paris.

Lee Kerr, Paris. Reuben Lee Clinkenbeard, Sharpshurg, Ky.

Alonso Brown (col.), 110 Locust street, Paris. Roy B. Smart, Parrish avenue, Paris.

Cornelius McKane, Paris. Wheeler Kenney, North Middletown.

Grant Crooks, Paris, R. F. D. 5. Charlie Ed Mason, North Middletown.

Louis Rankin, Paris, R. F. D. 2. Ed. Mitchell, Paris, R. F. D. 5.

Robert Henry M. Madden, Millersburg. John Mack Miller, Millersburg.

Jesse Richardson (col.), Paris. Alfred Biddle, Paris, R. F. D. 6.

Chas. Millen Curtis, Paris, R. F. D. 1. Simon Stout, Jr., Paris.

Stanley Walker Shroust, Clintonville. Jim Mahorney, Shawhan.

Glenn Rowland, Vine street, Paris. Daniel C. Gay, Paris.

Ben Harrison Brown, North Middletown. Frank Clay Redmon, Hanson street, Paris.

Hiram W. Beeding, Millersburg. Many hundreds of Kentucky men in camp at Camp Zachary Taylor, including the Bourbon county boys, are likely to be sent to Little Rock, Ark., as a result of the War Department's announcement that only 27,000 men will be trained at the Louisville camp. At the present time there are over 30,000 men there. The Indiana men will also likely go to Little Rock.

GIANTS WIN THIRD GAME OF "CHAMP. SERIES."

The third game of the World's Championship series between the New York Giants and the Chicago White Sox was taken on the New York grounds Wednesday by the Giants, who put two runs across the plate in the fourth inning, the Sox not scoring at all.

The batteries were Rube Benton and Rairiden for the Giants, and Cicotte and Schalk for the White Sox.

The Cincinnati Reds won the championship of Ohio Wednesday by defeating the Cleveland Americans in the sixth game by a score of 8 to 1, winning four of the six games.

New York took the game from Chicago yesterday by a score of 5 to 4. The batteries were, Faber, Danforth and Schalk, for Chicago; Schupp and Rairiden for New York.

Returns from the games have been bulletined on the big window at Cahal Bros., attracting more attention than the war, conservation of food or the high cost of living.

SELL STOCK TO FRANKFORT FIRM.

Higgins & Flanagan, clothiers, have gone out of business, having sold their entire stock of clothing and gents furnishings to Greenwald & Co. of Frankfort. The stock has been moved to Frankfort. The members of the Paris firm will engage in other business.

PYTHIAN GRAND LODGE.

Pythian lodges are making preparations for attending the State meeting of the Grand Lodge Knights of Pythias, which will meet in Lexington, Oct. 23-24. Eight delegates, besides many Past Chancellors will represent Rathbone Lodge No. 12, of Paris. This meeting will be one of the most important held in many years.

ADVANCE IN PRICE OF CIGARS AND TOBACCO.

On account of the imposition of the war tax on tobacco, both chewing and smoking, and on cigars and cigarettes, which was made a part of the war tax bill recently passed by Congress, Paris smokers and chewers are finding themselves paying extra pennies for their favorite brands of "dope sticks" and "chawins." The prices have been considerably advanced, the penny tariff taking effect Saturday, so that what was five cents is six cents, ten is twelve, and so on down the scale.

The advance with many of the dealers went into effect on Saturday, and with others did not go on until Monday, when the dealers were kept busy explaining the increase in price to their bewildered patrons. The prices from the wholesalers to the retailers have increased fully fifteen per cent., and with the additional burden of the war taxation, the retail dealers have, in self-defense, had to put on the extra prices.

According to the local dealers, the price of a five-cent cigar and a five-cent package of cigarette has now been advanced to six cents, with a corresponding increase in ten-cent cigars and cigarettes to twelve cents. The dealers have been busy making inventories of their stocks on hand so as to have them ready for the Government inspectors who are expected here almost any day to look over the lists. The inspectors will reinvoice the stocks. The dealers will be held accountable to the Government for the tax on goods which they now hold, and in all future purchases the tax will be paid by the manufacturers and jobbers, and the dealer will have to get his refund through his customers.

So, when you go to your dealer for a package of your favorite smokes, or for a piece of "twist" or "plug" tobacco, get your extra pennies ready, for the old order of things has passed away, and unless we get the Kaiser killed and the war stopped, the next thing will be the utter rout of the smoking and chewing fraternity. The sky will be the limit apparently on luxuries the way things are going at present.

Cigarette smoking has now taken its place among the other war-time luxuries, due to the advance in price of all standard brands, and is now firmly established among other rapidly soaring commodities, much to the displeasure of the inveterate smoker. The poor man who would enjoy his "pill" still has recourse to the "makins" as a means of beating the high cost of smoking, and no doubt many smokers who have never learned how to roll a cigarette will be boasting of his accomplishments in that line before long.

A SUCCESSFUL RALLY.

(Contributed.)

A rally held recently to raise funds for the benefit of the colored Methodist church in Brentsville, near Paris, was very successful, the sum of \$197.53 being raised for the purpose. Rev. J. R. Hill, pastor, and the members of the congregation desire to thank each and every one who contributed to the fund. The individual contributions were as follows:

Col. E. F. Clay, \$5.00; Mrs. E. F. Clay, \$5.00; Mr. Catesby Woodford, \$5.00; A. Friend, \$1.00; Mr. George Bell, \$1.00; Mr. Ben Posner, 25c; Mr. Samuel Clay, \$1.00; A. Friend, 15c. Rev. J. R. Hill, (collection) \$27.50; William Veach, \$7.00; Daniel Winston, \$3.50; William Harden, \$2.00; Louis Fields, \$1.75; Wm. Porter, \$2.25; John Porter, \$6.15; Ed. Roberts, \$1.00; Frank Claxton, \$1.70; James Hayes, \$10.10; Oliver Salce, 35c; Barthell Hill, 35c; Emily Nutter, \$5.25; Katie Porter, \$3.45; Lizzie Porter, \$2.00; Mary E. Hill, \$2.05; Jennie Claxton, 10c; Annie Fields, \$2.70; Mollie Nichols, 15c; Maude B. Tibbs, 10c; Mollie Johnson, \$1.15; Lucinda Redmon, 95c; Esther Porter, 50c; Esther Fugate, \$1.25; Frances Veach, 35c; Patsy A. Buckner, 25c; Lida Roberts, 80c; Bessie Stephenson, 65c; John A. Roberts, \$6.10; John Tibbs, \$1.75; Emma Hamilton, 35c; Austin Fields, \$1.00; G. A. Buckner, 2.35; Artie Roberts, \$2.75; Corean Buckner, \$1.20; Wallace Porter, \$10.10.

POCKET BILLIARDS CONTEST.

Charles Mitchell, from everywhere, styling himself "The Boy Wonder," defeated Julian James, of Paris, in a 125-point match of pocket billiards at the N. A. Moore & Co. pool room Wednesday night. Both men played a brilliant game, but Mitchell's skill and large experience in handling the cue won him the match by a good majority. Spectators complimented James' playing as equal to that of some experts. After the game Mitchell gave an exhibition of fancy billiard shots giving his audience an idea of what it is to "a good one."

APPOINTED ADMINISTRATOR.

In the County Court Wednesday the Bourbon-Agricultural Bank & Trust Co., through Mr. Buckner Woodford, Cashier of the institution, qualified as administrator of the estate of John Brown, in the penal sum of \$15,000, no surety being required under the will. Messrs. J. W. Davis, William Myall and Charles B. Mitchell were appointed to appraise the estate.

WINDSOR HOTEL CHANGES HANDS.

After a two-years' service as manager of the Windsor Hotel, in this city, during which time he has become well and favorably known to the traveling public, Mr. Owen L. Davis has sold his lease and business interests in the hotel to Mr. and Mrs. Robert Goggin, who will, after the first of November, be in charge.

From the time Mr. Davis took charge of the Windsor the hotel underwent a radical change, all for better, as traveling men, and those "regulars" who are known as competent critics, have often testified. The building was thoroughly renovated and made cozy and home-like from top to bottom, with the result that many traveling men who had been in the habit of going to Lexington to spend the night, continued there as Mr. Davis' patrons. By prudent management and careful attention to the wants of his guests he has made a name for himself among hundreds of patrons who will one and all regret that he is turning the place into other hands.

Mrs. Goggin is a native of Paris, a daughter of Mrs. S. M. Wilmoth, of this city. She has had ample experience in the hotel business, and is at present in charge of the Lancaster Hotel, in Georgetown, where her careful management and courteous treatment of guests has increased the patronage of the house one hundred per cent. Mr. Goggin will continue on the road as representative of a Lexington wholesale grocery concern. Mrs. Goggin's lease on the Lancaster Hotel expires at the same time she takes up the management of the Windsor here. Paris will welcome her back again.

ANDERSON PROPERTY AT PUBLIC SALE TO-MORROW.

The Anderson property on Main street, occupied by Albert Anthon, located just right for any buyer, will be offered at public sale to-morrow (Saturday) afternoon at 2:30 o'clock. This is good business property and a most tempting offer. It is located right. Don't fail to attend.

PARIS CLUB TO BE FORMED AT STATE UNIVERSITY.

The formation of a "Paris Club" composed of the seventeen students from Paris, who are attending the State University at Lexington, is among the likely events of the future. The project is under consideration, and will probably be carried into effect this week. Those from Paris who are gathering wisdom from the instructors at State are:

Landen Templin, Eli Friedman, Stuart Wallingford, Winn Hutchcraft, Raymond Connell, Thornton Connell, Albert Lavin, Edgar Estes, Jennings Taylor, Charles Chappell, Forrest Letton, Hiram Adair, Preston White, Misses Mary Adams Talbott, Mildred and Marie Collins and Eliza Clay Mason. Of the seventeen students thirteen are graduates of the Paris High School.

GOVERNMENT TO HAVE FOOD CONTROL BY NOV. 1.

Virtually all the staple foods consumed by the American people will be put under Government control November 1.

The food administration has announced that within a few days President Wilson will issue an executive order requiring that manufacturers and distributors of some twenty fundamental food products operate under price restrictions designed to prevent unreasonable profits and to stop speculation and hoarding.

Regulations will be prescribed for meat packers, cold storage houses, millers, cannery, elevators, grain dealers and wholesale dealers and retailers doing a business of more than \$100,000 annually, in the commodities to be named.

THE FIRST NATIONAL BANK. (Oct 5-8)

GERMANS PLOT TO DESTROY THEIR ARMY AND NAVY.

A cable to the daily papers from Copenhagen, under date of Oct. 9, says: "Vice Admiral Von Capelle, German Minister of Marine, announced in the Reichstag to-day that a plot had been discovered in the navy to form a committee of delegates on the Russian Model and to paralyze the fleet so as to force the government to make peace. The guilty parties have been arrested and have received their just deserts, the Minister added."

A press cablegram from Amsterdam under date of Oct. 10, says: "The crews of four battleships among the German fleet mutinied at Wilhelmshaven. The captain of the battleship Westfalen was thrown overboard and drowned. The crews were landed."

WAR DEPARTMENT WANTS MEN FOR SIGNAL CORPS.

Fifteen hundred men are wanted at once by the War Department to fill vacancies in the Signal Corps division of the army service, according to a special order received at the Lexington army recruiting station from J. T. Kerr, Adjutant General.

Applicants for enlistment in this branch of the service must have previous experience as cable, telegraph and radio operators; inside and outside wiremen; electricians; machinists; photographers and men who are familiar with the construction of and maintenance of telephone systems.

In addition to being qualified as aforementioned, a person desirous of enlisting in the Signal Corps must be able to meet all other military requirements, physical fitness, education and the like.

CANDIDATES FILE EXPENSE ACCOUNTS.

Candidates in the August primary election have filed their after-election statements of expenses incurred during the progress of the campaign in the office of County Clerk Pearce Paton, as required by law, as follows:

L. A. Soper, \$243.44; R. O. Turner, \$7.00; John Merringer, \$12.50; F. A. Thompson, \$13.00; Walter Clark, \$22.00; J. W. King, \$3.00; W. Fred Link, \$20.00; Ernest Martin, \$2.50; Wm. O. Hinton, \$123.10; Wm. G. McClintock, \$16.00; E. B. January, \$43.00; Thos. Taul, \$124.00; Miss Mabel Robbins, \$41.60; George Baththerton, \$77.23; D. D. Cline, \$48.25; J. N. Shropshire, \$7.00; Rudolph Davis, \$3.50; J. B. Caywood, \$56.05; S. K. Nichols, Thos. Kiser, J. J. Veatch, W. T. Brooks, John Arkle, Geo. Doyle, John S. Wiggins, R. H. Burris, E. P. Thomason and C. M. Thomas stated they had no expense account since the last report. The law required two statements to be filed.

LET THE BAKER DO IT.

Why worry on Saturday about bread for Sunday? Go to Ahern & Burton and place your order for what you want. Their new bakery, just completed, is a marvel of modern work, and their baker is an artist as well as a good baker. Let our baker's products relieve you of that Sunday worry!

A SPLENDID SELECTION.

Under the above caption The Versailles Sun pays the following tribute to Rev. Geo. H. Harris, of Paris, rector of St. Peter's Episcopal church, one of the most popular ministers of his church who ever came to Paris:

"The selection of Rev. Geo. H. Harris, of Paris, as the rector of St. John's Parish, and as the dean of Margaret College, will be good news to every one in Woodford who has the pleasure of knowing Mr. Harris, and will be good news to all the remainder as soon as they get acquainted with him.

"Mr. Harris is a man of great energy and ability, of fine sense, fine spirit, true dignity of character and earnest devotion to the cause to which he has given his life. Like Mr. Maxon, he is a big asset to any community."

FIRE DESTROYS HOME AT MT. STERLING.

Fire of unknown origin gutted the cottage residence belonging to Mrs. Pattie Thompson, on Clay street, in Mt. Sterling, about midnight Tuesday. The loss on the building will be about \$2,000, partially covered by insurance. The residence was occupied by Mr. and Mrs. William W. Eubanks, Jr., who were away from home at the time. Their household and kitchen furniture was destroyed and broken up. Their loss will be about \$1,000, with a partial insurance.

SIMON WELL PURCHASES THE LANSING FARM.

The Lansing farm, consisting of 242½ acres, on the Versailles pike, for several months past the home of more than 4,000 members of the Second and Third Kentucky Regiments, during which time it was known as Camp Stanley, was sold Tuesday by the Lexington Development Company to Simon Well at \$300 an acre. The farm was purchased last spring by the company, composed of several prominent Lexington business men, at \$325 per acre, and the use of it presented to the government free for the training of the Kentucky troops.

POSTAL DISTRIBUTING POINT.

Postmaster J. Walter Payne has received official notice from the post office Department at Washington that the Paris office has been designated as a distributing point for postal supplies of all kinds for the post offices in Bourbon county. This move will save time and expense for all these offices.

FARMERS TO DISCUSS HOG CHOLERA PREVENTION.

Dr. Frank Musselman, State Veterinarian, and Dr. Payne, of the U. S. Bureau, at Washington, will meet with the farmers of the North Middletown vicinity, at North Middletown, to-morrow (Saturday) afternoon at two o'clock, to discuss means and measures for eradication of hog cholera, which is assuming serious proportions in the herds in that section of the county.

Drs. Musselman and Payne will advise with the farmers and swinebreeders as to the best measures to pursue and will make arrangements for the vaccination of hogs. All the farmers and swinebreeders in the neighborhood and all others from any other part of the county, who are interested in the eradication of this disease are cordially invited to be present and take part in the discussion. This is a matter of the most vital interest at this time and should be gone into thoroughly.

CHANGE IN PRICES AT ALAMO AND GRAND.

Owing to the fact that everything in the production of moving pictures has increased in cost fully fifty per cent. moving picture houses all over the country have been compelled to advance prices to meet the situation.

Beginning Monday afternoon with the performance at the Alamo, the following prices will be charged:

At the Alamo, 10c to everybody, including children in arms; at the Paris Grand, adults, 15c; children, 10c; children in arms, same price; gallery, 10c to everybody.

These changes have become absolutely necessary, owing to the imposition of war taxes and the increased cost of everything, from a ticket to the high-priced projecting machines, film service, etc.

Monday afternoon at the Alamo the B. F. Keith trio, three high-class musicians, who have been playing the big houses, will open for an engagement of indefinite length. This trio is composed of artists of merit, who really make music. Others will be added as the season progresses, so that patrons of the Alamo and the Grand will, after all, have no occasion to complain of the increased prices.

SALE OF ANDERSON PROPERTY.

The sale of the Anderson property on Main street, occupied by Albert Anthon, will be held at 2:30 p. m. Saturday, Oct. 13. If you want desirable property, don't fail to attend this sale. The location is right. Be sure to attend and get property worth having.

RESOLUTION ADOPTED BY BUSINESS MEN'S CLUB.

Whereas, The General Assembly, at its 1916 session, adopted a Constitutional amendment to be submitted to the voters of the State for ratification at the November, 1917, election, under the terms of which, with the approval of the State authorities and the City Council of the city, in which the telephone companies are located, one telephone company may purchase the lines of another, therefore,

Be It Resolved, That the Business Men's Club of Bourbon County endorse the adoption of the Constitutional amendment, and urge the voters of Bourbon County and the State-at-large, to vote for the amendment at the ensuing November election, and

Be It Further Resolved, That the President of the Business Men's Club of Bourbon County be authorized to appoint a Committee to aid in whatever manner it can, in bringing the Constitutional amendment to the attention of the voters and other commercial bodies.

LITTLE FEAR FELT FOR SERIOUS COAL SHORTAGE.

Every government inuence will be exerted this fall and winter to increase the production of coal and little fear of a serious shortage is felt among officials in Washington. This was indicated at the White House following receipt of reports from many sections of the country that retailers would not all orders promptly because of low stock. Persons who discussed the coal situation with President Wilson expressed the belief that with the preliminary arrangements for supervising coal production and distribution about completed by the Fuel Administration, definite results in the way of insuring a steady flow of coal to the markets would be evidenced soon.

TEACHERS' SALARIES HELD UP UNTIL NOV. 3.

Miss Mabel Robbins, County Superintendent of Schools, has received notice from Frankfort to the effect that the salaries of Bourbon county school teachers will not be available until November 3. The lack of money in the school fund is the cause of the delay. The October installment, due to-morrow, will be paid on Saturday, Nov. 3.

A Typical American Mother.

Since so much has been said about the war situation, we should like to tell you of an instance that recently came to our notice. A mother—a plain farm woman—was telling us that her oldest son had been drafted. He is a fine young fellow, barely twenty-one, and her idol.

"He's always done the best he knew how in everything," she said, "and if he's got to be a soldier I want him to go on doing the best he can. It's breaking my heart to give him up."

She caught her breath and turned away for a minute, then went on: "I lie awake nights thinking about it. I wonder if he will have to suffer from cold while we're warm at home. I wonder if he'll ever come back—"

She stopped at that and went back to her sewing, and we thought she would say no more. But in a minute she dropped her work in her lap and looked up.

"I'm glad he passed the physical examination," she said, "though if he hadn't he could stay at home with us. I've tried to take care of his health, and to teach him to do so, from the time he was little. I meant for him to be a strong, good man, whatever he was called upon to do. Of course I never thought of this. But when he goes I shall know that I have helped him to go as a man should, and to be what a man ought to be. It's no more than I ought to do, or any other mother."

Again she was silent; and we could say nothing, though we tried to think of some comfort.

"I wonder," she went on quietly, "if this government knows just how much it asks of us mothers. I wonder if it knows."

We want to tell you that there are many women whose quiet heroism is as deep as that of this mother who felt that in giving her boy she was really giving a part of herself, and that her service had gone to make a part of his efficiency. There was no demonstrative heroism about it, just plain sacrifice and pain and with it all a pride in the fact that her son should not be found wanting in any respect. She spent no time in whining about injustice, or in giving way to selfish feeling. "If he's got to be a soldier I want him to do the best he can." That was the keynote, and to us this plain, middle-aged woman in her calico dress seemed to personify America's brave womanhood in all walks of life.

Pink Patriots.

A very earnest appeal has been made for our women to limit their use of knitting wool.

So acute has become the shortage of khaki wool that hundreds of women workers throughout the United States are forced to sit idle, their hands tied by lack of material with which to help the men in France resist the cold winds of winter.

In an effort to combat these conditions a movement has been started among the patriotic women of the country to create a widespread interest and effect a reform.

The reason for the scarcity of khaki wool lies in the demand of women throughout the country, are making for colored wool with which to make themselves and their families sweaters, regardless of the great need of the soldiers. These women have received the title of "pink patriots," and a campaign started to curtail the use of wool for private purposes.

This campaign will consist in part of an appeal to women to knit only for soldiers. The War Department has authorized the use of khaki colored wool only, and an appeal will be made to the department stores to send back to the factories the many colored wools they have on hand and have them dyed for patriotic use.

The campaign posters read, "Women—Only Pink Patriots Wear Knitted Garments. Our Sammies Need All the Wool. Don't be a Pink Patriot."

Enlisting the Children.

In uniting all the forces of the nation for the common purpose, the schools have not been forgotten. President Wilson has issued an appeal to all school officers to "increase materially the time and attention devoted to instruction bearing directly on the problems of community and national life." His plea is not merely for a temporary enlargement of the school program for the period of the war, but "for a realization in public education of the new emphasis which the war has given to the ideals

of democracy and to the broader conceptions of national life."

The enlistment of teachers and pupils in a course which will give school children a deeper understanding of their country and government, their organization purposes and ideals, of the individual's duties and obligations as a citizen of the republic and of the world, must be highly beneficial. It will make better men and women of the boys and girls and make a better country of the United States when they become its guides. The vision and foresight for which President Wilson has become world-famous were never better exemplified than in his purpose to enlist Young America now for the making of a greater and better nation in the future.

SHOULD BREAK EVEN WITH THE NEWSPAPERS.

The country newspapers of Kentucky have contributed more in proportion to their ability and the means of their owners than have any other citizens or enterprises to assist in the war. It costs money to furnish paper, ink, linotype composition and labor, editorial work, and other features connected with giving publicity to the Red Cross, the army and navy work, the Liberty Bond issues and the numerous other enterprises that never would have succeeded without the help of the newspapers. All this work has been cheerfully and gladly given by the newspaper men, who were glad to have a chance to do their bit, yet—

When the Government has a chance to spend money in publicity, they throw it to the lithographers and bill-posters, instead of "giving a fair shake" with the newspapers. Is it right? Fair dealing says "No!"

IT'S SURPRISING

That So Many Paris People Fail To Recognize Kidney Weakness.

Are you a bad back victim? Suffer twinges; headaches, dizzy spells?

Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do. Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only. Have convinced Paris people of their merit.

Here's a Paris case; Paris testimony. Kidney sufferers hereabouts should read it.

Mrs. Chas. McCord, S. Pleasant St., Paris, says: "I have used Doan's Kidney Pills on different occasions, getting them from Oberdorfer's Drug Store and I have found them a splendid medicine. Whenever my kidneys have been irregular in action or when my back has been weak and lame, I have always found that a box or so of Doan's Kidney Pills proves sufficient to cure me of the attack."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

"GOV." BOWEN IN CLOVER.

"Gov." Bowen, the noted minstrel man, of Winchester, who has as many good friends in Paris as has any man in the world, has declined an offer from the A. G. Fields Great Minstrels organization, to go with them this and next season, but the burnt-cork artist is making a full use of money on his own account, and will promote amateur minstrels over the country under the auspices of local organizations. Mr. Bowen has a splendid equipment of scenery and costumes, and has had remarkable success in this work. Mr. Bowen will leave this week to begin his winter's work.

WILL CAN "BUNNIES."

The W. H. Dyer Company, operating canning factories in Evansville and Owensboro, Ky., has decided to can rabbits as a war measure and to help reduce the high cost of living. Rabbits have been canned previously and Evansville will be the pioneer in this field. The country surrounding Evansville will provide an abundance of rabbits for canning, it is believed. Business men in the Green River territory in Western Kentucky have agreed to furnish from 50,000 to 60,000 rabbits yearly.

UNCLE SAM'S SOLDIERS TO HAVE THANKSGIVING TURKEY.

That United States soldiers and sailors now in service are not to miss their Thanksgiving turkey dinner is evidenced by an announcement that poultry commission men will be given an opportunity to make bids on 1,000,000 pounds of the birds that will be required to feed the army at home and in the Philippines. A consignment of 154,000 pounds of turkey is said to be already on the way to the soldiers in France.

WORSE THAN LaFOLLETTE.

(Frankfort State Journal)

Mrs. Henry O. Havemeyer, of New York, a member of the National Women's Party, in an address to suffragists in Baltimore, is quoted in a Baltimore dispatch as having appealed to suffragists not to lift a finger for the Liberty Loan, declaring that she would not work for it, although she had served on a committee which toured the country for the first Liberty Loan.

The dispatch is in part as follows: "I haven't the nerve to ask money," she said, "for a battle for democracy when we who demand true democracy are thrown into jails for doing so."

The suffragists present greeted her with applause and most of them declared they were ready to follow her advice.

The State Journal regards such advice as being more disloyal than anything uttered by the LaFollette and Gronna crowd.

We have not been able to see disgrace or calamity in the enfranchisement of women, but we cannot see anything admirable or tolerable in the attitude of women who, because of a grievance attempt to interfere with the financing of war and the supplying of American soldiers.

Possibly Mrs. Havemeyer is, as Chicago papers said of Mayor Thompson, more boob than traitor, which is merely a short and ugly way of saying that she is insufficiently equipped to consider and discuss the issues of the hour, and inclined to let one idea run away with her brains.

POSTAGE RATES TO BE INCREASED UNDER WAR BILL.

While no definite information has been received at the local postoffice, it has been announced in Washington following the passage of the war revenue bill, that postage will be materially increased.

The interpretation of this bill is that first-class mail matter, such as letters, etc., will be raised to three cents per ounce instead of two cents, as at present. Therefore the cost of sending letters under two ounces, heretofore costing two cents, will be raised to three cents, and postal cards will be two cents instead of one.

More definite information is being awaited at the Paris postoffice. The bill becomes effective within thirty days after it is signed by President Wilson, which makes the new rates effective on November 2.

STANDING BEHIND OUR SOLDIERS

"You are undertaking a great duty. The heart of the whole country is with you. Everything that you do will be watched with the deepest interest and with the deepest solicitude not only by those who are near and dear to you but the whole Nation besides, for this great war draws us all together." —From President Wilson's address to the soldiers of the National Army.

If the heart of the whole country is with our soldiers of the National Army, and it is believed that it is, the money of the Nation will be back of them. The Liberty Loan is to be used to arm, equip and maintain our soldiers, to prepare them for the conflict in France, and make them effective and powerful as possible, and safeguard them in every way possible. In addition, it will be used to give them life and indemnity insurance and provide for their dependents. The uses of the Liberty Loan appeal to every patriotic American, for it is used for our soldiers and sailors and the principles which they uphold, which the heart of the whole country is with.

"The foundation of our great country is liberty; its superstructure, peace." —William McKinley.

ILLITERACY IN AMERICA.

(Winthrop Talbot in the November Century.)

"To offset the lack of solitude concerning illiteracy in the North, the Southern States without exception have been bestirring themselves so successfully that they have reduced the numbers of their illiterates one-third in the last ten years and have effected a cut of 50 per cent. in their percentage of illiteracy during the last two decades. Moreover, in Kentucky, where the number of illiterates decreased by 60,000 from 1900 to 1910, the community, being inspired by the elimination of illiteracy in Rowan county through 'moonlight' schools, has established a State Commission on Illiteracy, and is bent on wiping away the stigma of illiteracy within its borders. Meantime the sovereign States of Pennsylvania, New Jersey, Rhode Island and Massachusetts watch with apparent equanimity an increase of the number of illiterates by scores of thousands in the short period of the last decade. New York State, where illiterates are so numerous that they would replace every living soul in so great a city as Buffalo, is taking no organized measures even to estimate the immensity of the problem of its illiteracy, much less officially to institute adequate extension of schooling to adult illiterates industrially employed. Connecticut is in even more dire straits."

A SOLDIER'S NEEDS.

The recruit is about to set off for the training camp facing the problem of the personal articles of his equipment. Veterans of recent campaigns advise as a safe rule, "Don't take anything you can do without." The list of practical gifts suggested to the soldier's friends includes a wrist-watch, compass that can be seen at night, fountain pen, flashlight, unbreakable mirror, keen knife, and a "housewife," which is a sewing kit, not a woman. "Secretary Baker urges the men to carry a pair of comfortable shoes as a shift from the regulation army shoe. Other useful articles are stationery, coin purses, extra supply of khaki-colored handkerchiefs and woolen socks.

A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

ROYAL BAKING POWDER

CORN BREAD

1 1/2 cups corn meal
1/2 cup flour
3 level teaspoons Royal Baking Powder
1 tablespoon sugar
1 teaspoon salt
1 1/2 cups milk
2 tablespoons shortening

Mix thoroughly dry ingredients; add milk and melted shortening; beat well; pour into well greased pan and bake in hot oven about 25 minutes.

Our red, white and blue booklet "Best War Time Recipes" containing additional similar recipes sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York.

RYE ROLLS

2 cups rye flour
1/2 teaspoon salt
3 level teaspoons Royal Baking Powder
3/4 cup milk
1/2 tablespoon shortening

Sift dry ingredients together; add milk and melted shortening. Knead on floured board; shape into rolls. Put into greased pans and allow to stand in warm place 20 to 25 minutes. Bake in moderate oven 25 to 30 minutes.

ATTORNEY-GENERAL MORRIS TO BE UNOPPOSED.

Attorney-General Charles H. Morris, nominee on the Democratic ticket, will be elected for the remainder of the term to that office November 6 without opposition. Saturday was the last day on which a Republican could be nominated to get his name on the ballot, and it went by default. General Morris was appointed to the office by Governor Stanley when Attorney M. M. Logan was appointed head of the new State Tax Commission. Mr. Morris was then first assistant. He has been in the office through three administrations and was serving under his fourth when promoted. He has now occupied every position in the State's legal department. Under this election Mr. Morris will serve until January 1, 1920, and according to precedent will be eligible to re-election for a full term, if he desires it.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best For Liver and Bowels. For Biliousness, Sour Stomach and Constipation.

Get a 10-cent box now. Furred tongue, bad colds, indigestion, yellow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too. (adv)

KNITTING ON THE TRAIN

Time spent in traveling may be utilized just as effectively as that spent in Red Cross workrooms. So one of the Denver members proved recently on a trip from Denver to the coast. Finding herself in an unaccustomed state of idleness, and noticing several other women in the car also idle, she got off at one of the stations, made a quick purchase of yarn and knitting needles and, returning to the train, proceeded to enlist volunteers. Practically every woman in the Pullman was glad of the opportunity to do worthwhile work, and by the time the train arrived at San Diego there were a number of new knitted articles ready to turn over to the Red Cross.

The PERUNA Family

has three members you should know if you desire to enjoy life.

1. The popular liquid form of Peruna—the reliable tonic of the American household, with a long history of success in treating all catarrhal difficulties.

2. The tablet form, which is made after the same formula and is more convenient for many.

3. Manalin, the ideal laxative, by the regular use of which constipation may be overcome and natural action restored. Manalin has no habit-forming drug, but is an aid to nature. Your druggist has all three. So many thousands have received benefit from the use of one or both these remedies that they are a recognized part of the equipment of every careful household.

LOOKS LIKE FRANKFORT-SHELBYVILLE LINE SURE.

The contract to construct the Frankfort-Shelbyville interurban line and the sureties to guarantee the right-of-way and depot site in Frankfort have been signed by Construction Engineer P. C. Phillip and the Frankfort and Shelbyville Realty Company. The work of construction is to begin not later than March 1, and to continue without interruption until the road is completed, with the provision in the contract that the line shall be in operation two years from January 1, 1918. This will close up the gap between Lexington and Louisville, and give an uninterrupted communication via traction service to Louisville from Lexington.

SHALL WE CUT OUT SLANG?

Eminent and learned grey beards thrown up their hands in horror at the thought of a universal use of slang. Then, along comes Brander Matthews, Professor of English and other things, saying that one day slang will be incorporated in the dictionary along with such high-priced, dignified words as dodecahedron and cephalopoda. For our part we will stick to slang rather than endanger our jaw-bones with five-cylindrical chatter like the foregoing.

But we've got to hand it to Geo. Ade for being the first literateur (whatever that means) to give slang its real innings in the English language. He was the first writer of note to recognize in slang an opportunity to show up our little weaknesses and we have been strong for him ever since.

George Ade's Fables in Slang appear exclusively in Cosmopolitan. In the October number he has five brand new Fables that will give you enough material for embellishing your conversation to last you several months. And if anyone objects to your use of slang, refer them to Brander Matthews and George Ade.

PUBLIC CO-OPERATING WITH THE RAILROADS.

Reports just compiled for the Railroads' War Board indicate that the travelling public in general and the shippers in particular, are giving the finest kind of co-operation to the railroads in the handling of the increased traffic that the war has produced. What this co-operation means may be gleaned from these facts. Since May 1st the railroads aided by the loyalty and understanding of the public have been able to reduce their passenger service by approximately 250,000,000 miles. This has released thousands of train crews and locomotives for use in the freight service and cleared thousands of miles of track, thereby facilitating the movement of coal, food products and supplies needed by the government. In addition to the foregoing saving of equipment and trackage the shippers, big and small, have rallied so splendidly to the slogan "Make One Car Do the Work of Two" that a saving of close to half a million freight cars has been accomplished. This saving of freight cars has enabled the railroads to move approximately 25 per cent. more freight since war was declared than during the same period last year.

BOURBON FARM CONDITIONS.

Several killing frosts have struck this section of the State this week, being the heaviest that has fallen here this fall. The frost has had a telling effect on all vegetation, late corn and vegetables, all being blasted by the icy visitor.

Tobacco growers who failed to take advantage of the fair weather to get their tobacco housed will suffer a considerable loss, as all tobacco exposed, was bound to be damaged by the frost. Few crops in this county, however, were caught out in the cold, as during the past two weeks all the growers have been very busy getting the weed under cover and out of reach of the frost.

The work of planting wheat and rye and barley is going steadily forward, and the barley is all about planted, and just as the ground is being cleared it is being prepared for further planting. All available space is being given to wheat. Watermelons and canteloupes were plentiful on the local market the past week and were extra good. Roasting ears were being sold at twenty-five to thirty cents per dozen, and tomatoes at \$1.50 per bushel.

and not very plentiful at that. Household management took the form of catsup making and pickling and large quantities of fruits and vegetables were "put up."

The dairy situation is distressing. Grass has been dry and short all summer and stock water in some parts of the county has been very scarce. Milk, butter, buttermilk and cream have been hard to get. Poultry and eggs continue very scarce and high.

The stock shortage has caused some anxiety and to replace the loss some very excellent cattle, hogs and sheep have been imported from the West. Sheep raising will receive an impetus, not only because it costs less to feed them than any other stock, and there is a demand for the meat at extra prices, but also because wool of any grades can find a ready market at high valuation.

Winter vegetables, turnips, parsnips, salsify, celery, etc., the maturing rapidly, and will soon be on the market.

RAILROADS ARE PERFORMING A DIFFICULT TASK.

Approximately 2,500 carloads of food and other necessities are being delivered daily by the railroads at the cantonments where the National Army and National Guards are being trained for service abroad, according to reports just received by the Railroads' War Board. Accurate figures as to the extent to which the supplying of food and necessities for the soldiers at the training camps will intensify the transportation problem will not be available until all of the camps have received their full quota. The task which the railroads have been asked to perform, however, is a difficult one; it involves the supplying of all the necessities of life for sixteen non-productive cities of a population of 40,000 each and fifty-six smaller cities ranging in population from 300 to 3,000. Altogether more than a million men gathered at the various cantonments must have their daily necessities brought to them by the railroads. As it takes at least five pounds of food per day for each soldier, in addition to the food, clothing, fuel and other supplies that are constantly needed, the railroads have their work cut out for them.

In a big factory near Pittsburg sixty women and girls are helping to build artillery cars for use on the French front.

An Ordinance

AN ORDINANCE SUBMITTING TO THE VOTERS OF THE CITY OF PARIS, KENTUCKY, THE QUESTION OF A BOND ISSUE OF \$20,000.00 TO CONSTRUCT A SEWER EXTENDING FROM STONER AVENUE THROUGH THE EASTERN PORTION OF THE CITY TO OR NEAR TWENTIETH STREET AND SOUTH MAIN STREET.

CITY HALL, PARIS, KY.,
October 11, 1917.

Be it enacted by the Mayor and Board of Council of the City of Paris that an election be, and the same is hereby, called and ordered to be held on the 6th day of November, 1917, being the regular election day, and that at said election there be submitted to the qualified electors of the City of Paris, the following proposition:

"Are you in favor of issuing bonds in the sum of \$20,000.00 to be paid by levies from time to time to meet the bonds and interest thereon for purpose of constructing a sewer beginning at Stoner Avenue and running through the eastern part of the city to Twentieth Street and South Main Street?"

It is further ordered that said bonds, if authorized to be issued, shall mature at intervals to be hereafter determined, but none of said bonds are to mature at a later date than 20 years after the date of issue, and that there shall be raised annually by taxation for said purpose the sum of \$2,000.00, or such part thereof as may be necessary for an interest and sinking fund for the purpose of paying the interest on said bonds, and redeeming said bonds at their maturity. Said bonds shall be issued providing for the payment of interest thereon at the rate of not more than 5% per annum.

At the election herein ordered the qualified voters of the City of Paris, Kentucky, shall have the right to vote, and a tax proposed to be levied for the purpose aforesaid shall be levied upon all property in the City of Paris subject to levy for general purposes.

The City Clerk shall give notice of the election above provided for by publishing a notice thereof in a newspaper having a general circulation in the City of Paris, Kentucky, for at least two weeks prior to said election. Said notice shall specify the amount of indebtedness proposed to be incurred and the purpose of the same and the amount necessary to be raised annually by taxation, for an interest and sinking fund as above set out.

The City Clerk will furnish to the Clerk of Bourbon County a certified copy of this ordinance and he will likewise furnish to the Sheriff of Bourbon County a copy of this ordinance within ten days after its passage, and said Clerk and Sheriff are directed to do and to perform everything required by law in conducting said election and in the preservation of the returns and the canvassing and certification of the vote.

It is further directed that the Board of Election Commissioners of Bourbon County shall canvass the returns of said election and certify the results, and they will deliver a copy of the certification to the Board of Council of the City of Paris.

GOOD ROADS DAY, OCT 14.

One among the many meritorious movements made by Governor A. O. Stanley was his proclamation issued to the people of Kentucky, under date of September 20, naming Sunday, October 14, as Goods Roads Day.

"The present conditions render the construction and maintenance of public highways necessary alike to our domestic prosperity and National defense, and it is of prime importance that popular attention be called to the wisdom of a concerted and organized effort to extend our system of public roads to co-ordinate them with interstate thoroughfares and to preserve them by capable and scientific management in the highest attainable state of efficiency."

In an earnest endeavor to bring the importance of good roads before the people of Kentucky to a greater extent than heretofore, the State Highway Department is mailing hundreds of copies of the Governor's proclamation, reaching all localities, particular effort being made to reach every minister in the Commonwealth requesting them to appeal to their congregations, on the above date, asking every one to take greater interest in this great highway work which will tend toward betterment in all lines of legitimate endeavor.

Ministers, especially those in the counties through which Boone Way is routed, are requested to write out that portion of their sermons bearing on the highway subjects, and to send a copy of same to Jim Maret, (The Boone Way Man), 11 Frat. Bldg., Winchester, Kentucky. These papers will prove mighty interesting reading, a number of which it is proposed to publish.

The Courier-Journal says a lot of casual readers mistake the head-line "Deficiency Bill" as referring to Bill Stone, of Missouri.

CALLING MEETING OF BUSINESS MEN'S CLUB.

The Business Men's Club of Bourbon County will meet at the court house Saturday afternoon at 2:30. There will be with us a speaker from Lexington, who will speak on the Second Liberty Loan. A good crowd is expected.

RED CROSS MEETING.

All members of the Paris Chapter of the American Red Cross Society are requested to meet at the court house in the sewing room, to-morrow (Saturday) afternoon, at 2:30 o'clock for the purpose of electing officers for the coming year and for the transaction of other important business.

COMFORT BAGS FOR SOLDIERS.

Members of the local W. C. T. U. held a meeting Monday afternoon at the home of Mrs. Wm. Myall, on Main street, and decided to send a "comfort bag" to each Bourbon boy who is at the cantonment at Camp Zachary Taylor, near Louisville. They also decided to make army shirts for the boys. The Union made a contribution to fund for purchasing blankets for the use of nurses who will go from Bourbon county to France with the Dr. Barrow Base Unit from Lexington.

POSTAL RATES TO BE RAISED NOV. 2.

Postmaster J. Walter Payne asks THE NEWS to state that on and after the second day of November, the Postoffice Department will require more postage to be paid on mail matter. A letter heretofore going for two cents must then bear three cents postage. Postal cards, instead of one cent must have two cents postage. Letters mailed in Paris or what are known as "drop letters," must bear two cents postage instead of one cent.

This raise in price is caused, of course, by the enormous expense the Government has been put to by reason of the war. The appropriations at Washington are not now measured by thousands, but by billions of dollars. Everybody must help the Government, to pay the additional postage cheerfully and do not quibble.

CLUB MEETINGS.

Mrs. Amos Turney, president, presided Wednesday afternoon at the meeting of the Progressive Culture Club. The program consisted of interesting 5-minute talks on famous portraits as follows: "Mona Lisa" (Da Vinci), Miss Orr; Beatrice Cenci, (Guido Reni), Miss Grace Hargis; "Titan's Daughter," Mrs. Walker; "Girl in Straw Hat," (Reubens), Miss Wyatt.

Mrs. W. O. Hinton presided at the regular meeting of the Paris Literary Club, held the same afternoon, at the residence of the Misses Williams. Two papers bearing on the subject chosen for the year's study, "Canada and Alaska," as follows, were read as introducing the subject to the club members: "Geographic and Historic Survey of Canada," by Mrs. Thomas Henry Clay, Jr., and "Early Heroes," by Mrs. Charlton Alexander. The members of the Club made a nice contribution to the fund for the purchase of blankets for the nurses who will go from Bourbon county to France with the Dr. Barrow Hospital Base Unit.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Carolyn Roseberry is a guest of Mrs. Minerva Goodwin, in Lexington.

—Messrs. Charles McMillan, Geo. Kriener and Swift Champe are sojourning at West Baden Springs.

WINCHESTER ADVOCATES MUNICIPAL OWNERSHIP.

The City Council of Winchester went on record recently as favoring municipal ownership of the waterworks, and pledged its influence in compliance with the vote of the people, which was six to one at the last election. This action in itself rejects the proposition of the Winchester Waterworks Company that the Council call an election on the question of another twenty-five-year franchise to the company.

RELIGIOUS.

—The Endeavor Society of the Presbyterian church will meet Sunday evening at 6:30. "The subject will be: 'What is Committed to You?' Leader, Miss Eleanor Lytle.

A Medicine for Women

For Forty Years Lydia E. Pinkham's Vegetable Compound has Relieved the Sufferings of Women.

It hardly seems possible that there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

Mrs. Kieso Cured After Seven Month's Illness.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my house work, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound, and find out for herself how good it is."—MRS. KARL A. KIESO, 596 North Ave., Aurora, Ill.

Could Hardly Get Off Her Bed.

Cincinnati, Ohio.—"I want you to know the good Lydia E. Pinkham's Vegetable Compound has done for me. I was in such bad health from female troubles that I could hardly get off my bed. I had been doctoring for a long time and my mother said, 'I want you to try Lydia E. Pinkham's Vegetable Compound.' So I did, and it has certainly made me a well woman. I am able to do my house work and am so happy as I never expected to go around the way I do again, and I want others to know what Lydia E. Pinkham's Vegetable Compound has done for me."—MRS. JOSIE CORNER, 1686 Harrison Ave., Fairmount, Cincinnati, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ALMA RUEBENS HELPS "SAM-MIES."

Alma Ruebens is planning to do her share toward helping the Sam-mies at the front and the boys in olive drab now at the concentration camps throughout the country. She has given a handsome miniature yacht to the Los Angeles branch of the Red Cross and this toy racer is to be auctioned off sometime in November, the proceeds to swell the fund for America's soldiers. The yacht, although hardly four feet long, is a perfect replica of its higher sisters, from mahogany furnishings to tiny anchor.

U-BOATS NOW USE THE SMOKE SCREEN DEVICE.

New German devices for aiding U-boat frightfulness are reported by passengers on an American liner recently arrived at New York from England.

One is the use of smoke screen in which the submarine may conceal itself while attacking, escaping or submerging. The smoke screen has been used for many months by battleships, destroyers and merchantmen. Its first use by a submarine was reported in the warnings of a U-boat off the Atlantic coast.

The other device is the use of mirrored periscopes. By coating them with silver the periscopes reflect the surrounding water and become invisible a couple of hundred yards away. It is believed this explains why survivors of several ships lately sunk saw no evidence of a submarine before or after the attack.

HAYTI ATTESTS APPROPRIATION OF AMERICA'S HELP.

Grateful for what the United States has done for it under the recent treaty, the Republic of Hayti, it was announced by bankers recently, would add about 70,000,000 pounds of sugar to this country's supply next season. This supply will be the first year's output of the Haytian-American Corporation, formed immediately after the American protectorate was inaugurated, insuring protection for foreign capital. The corporation expected to ship here only about 20,000,000 pounds of sugar, but to meet desire of the United States Government for increased food supplies, the company has found it possible to more than treble its shipments to the United States.

VIRGINIA UNIVERSITY SENDS MANY ALUMNI TO WAR.

The University of Virginia has sent approximately 15 per cent. of its alumni and students into various branches of war service. Lewis D. Creshaw, general alumni secretary, says that according to his records this is a conservative estimate and that when final reports are obtained will probably be much greater. Those already on file are distributed as follows: Medical Officers' Reserve Corps, 250; Reserve Officers' training camp, 244; base hospital, 150; United States Ambulance Corps, 96; regular army, 36; navy, 20; aviation, 18; coast patrol, 14; industrial and munition works, 13; marines, 8; English army, 2; miscellaneous, 81.

REMEMBER THE SOLDIERS ON CHRISTMAS.

Fifty thousand Christmas bags are needed for our men in the service. Friends and relatives will of course remember the boys from home, but the Navy League wants to be sure that each man will have a package tied up in holiday style for Christmas Day. The bags are 13x10 inches made of cretonne or other durable material, with ribbon draw strings. In each bag five to ten articles should be placed. The ten-cent store around the corner has articles for sale that the soldier in France can not get at any price, so the Good Cheer bag need not be expensive. Chewing gum, khaki colored handkerchiefs, a folding cap, tobacco, games, puzzles, pocket editions of good books, malted milk tablets, and an easy French grammar are a few of the possibilities suggested by the Navy League. Ten thousand bags are now being made, but in order to reach the soldiers by Christmas every bag must be in at the headquarters of the woman's section of the Navy League, Washington, D. C., before November first.

MRS. SMITH RECOMMENDS CHAMBERLAIN'S TABLETS.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

SURF COASTING.

The sport of surf coasting reached this country from Hawaii, and promises in a few years to become a popular sport. In California it was much practiced this past summer, while a few surfboards might be seen on the New York beaches. American manufacturers have put on the market a special surf board which is a considerable improvement over the plank used by the Hawaiians, having an air chamber at one end. All we lack now is the Hawaiian skill in riding the big breakers standing up.

CONSIDER CONCRETE

No matter what you are building, consider concrete. Properly constructed concrete buildings are water-proof, weather-proof, rat-proof, fire-proof and practically time-proof.

The damage done by rats and the loss by fire are of themselves enough to bring concrete in for consideration whenever a farm building is to be erected. In the long run, it is cheaper to build for permanence and to guarantee against fire loss and depredations of vermin than to build at less cost and run the risks.

Consider concrete when you build anything from pig pen to residence. —Southern Agriculturalist.

Heap big mileage! Built-In!

If you could dissect a SAVAGE you'd realize that "Heap big mileage" is built into it during every minute of its manufacture.

Highest grade rubber and fabric, perfectly balanced design, most careful workmanship, full size.

A tough road-gripping tread—neither so heavy as to produce stiffness, nor so light as to give insufficient protection to the carcass. Cushion of high-grade resilient rubber—absorbs the road shocks. Sidewall specially shaped to distribute flexing—will not crack.

And the carcass—finest Sea Island cotton, long fibre, tough, triple tested, built up layer by layer into the strongest carcass that can be made.

High mileage, low cost per mile. Sold from factory to you through our own distributors. Watch for the red Savage sign.

WIN THE WAR BY HELPING TO SAVE FOOD!

Miss Lida E. Gardner, State organizer of Community Leagues and Parent-Teacher Associations, has sent out letters to 325 school trustees, teachers and heads of the parent-teacher bodies in an effort to mobilize the resources of all the community leagues in Kentucky for the purpose of furthering the campaign to eliminate waste. V. O. Gilbert, State Superintendent of Schools, has written to county superintendents requesting them to have teachers impress upon their pupils the importance of food-saving at this time and through them to reach the parents. The children will be urged to request their mothers to sign the pledge cards and to repeat the request daily during the week of the campaign.

SOUR STOMACH.

Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not, take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

SAVE YOUR SHOES.

Leather is one of the materials which must be used economically in order that the army may have shoes, harness, saddles and puttees. The Department of Agriculture explains that the civilian can conserve leather by making his shoes last as long as possible. Greasing them when the leather gets hard and dry; wearing heel plates or otherwise preventing run-over heels, which ruin the shape of a shoe, and having them half-soled when practicable will cut the family shoe bill, and help the government keep our soldiers properly shod.

LITTLE MEN BEST.

Tests carried on at Princeton University have proved that the man who weighs about a hundred and forty pounds and is about five feet and six or seven inches high is really of the best physical type. He can do more in proportion to his size than a large man, and has more endurance. Likewise the brunette is apt to have more endurance than the blond.

MORE CONCRETE USED.

Steel is going up, and concrete, as a result, is coming into wider use. Railway bridges, for example, which used always to be of steel, are now often of concrete. A beautiful concrete railway bridge is being built across the James River at Richmond, Va., and it is much prettier than a steel bridge. For like reasons, concrete is replacing wood in mining structural work, where it has the great advantage of being fireproof.

Stop the waste of manure. Carl Vrooman says that over a billion dollars' worth of manure is wasted in this country every year. Part of this waste is right on your farm.

Rengo Belt Reducing Corsets Most Economical

It is the height of economy to wear Rengo Belt corsets—they last.

Most reducing corsets have their style lines only when they are new. Rengo Belt corsets retain their lines until they are worn out, and greatest comfort comes after the first wear. This is the reason why Rengo Belt corsets have gathered new admirers each year until they have become famous.

**Economical

Most Comfortable**

No woman asks more—some have found all this and more—mostly they are women who wear Rengo Belt corsets. Models for every figure—some with "steelastic" webbing for greater freedom—all with double watch spring boning.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR. DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it. (adv)

A "FIGHTING CHOIR" OF 44,000 PLANNED.

(New York Sun.)

When the New York division of the new National Army gets "somewhere in France" there is one thing that it will have to learn. Not even the Klonsche Saengerbund, the Kaiser's picked warbling chorus, will be able to beat it singing. Gen. J. Franklin Bell announced his plans recently for putting into practice his theory that a singing man is a fighting man, and the plan calls for starting the biggest singing class at Camp Upton, Yaphank, L. I., that the country ever knew.

Forty-four thousand huskies will have their voices trained while they are learning how to get the most cubic yards of earth excavated from a trench in the least time. Every spade will work to the melody of the land and every practice march will be taken to the lit of music that has been officially branded as passed by the censor.

True, the officials place no contraband tag on "Hail, Hail, the Gang's All Here!" "We'll All Re-enlist" and other justly celebrated anthems of the campus, but Gen. Bell is going to have singing scientifically taught as an adjunct to fighting, and he has conscripted Harry Barnhart, who led the big chorus up at Syracuse, to take command of the music. He plans to build two or three auditoriums on the order of that in which the Rev. Billy Sunday admonished his hearers to "Brighten Up the Corner Where You Are," and then to have a big stadium that can be used for an assembly of all the command.

HAD NERVE ENOUGH FOR FRONT TRENCH LINE.

A fresh young Paris man who has not yet had the courage to free himself from mamma's apron strings, and show himself a man, as others just as good have done, stood at the corner of Seventh and Main streets, last Friday as the pupils from the Paris Public Schools were coming from the morning session to their homes. A pretty miss of High School age, daughter of one of Paris' most representative citizens came along.

"Hello, little girl, you're looking real sweet to-day," said the slacker. The young woman looked the fellow up and down, gave him the once up and down again, and then in a biting voice, replied: "A fellow with as much nerve as you possess ought to be in the front line of trenches," and passed scornfully on her way.

The young fellow disappeared around the corner on Seventh, unable to stand the gibes of his companions, while the young lady, disdaining another look, headed straight up Main street.

PAULINE FREDERICK TAKES SECOND MATRIMONIAL VENTURE.

Miss Pauline Frederick, the famous emotional actress, has taken another trip on the sea of matrimony. This time it is Mr. Willard Mack, the playwright, actor and author.

It is the second matrimonial venture for both individuals. Miss Frederick is the divorced wife of Frank M. Andrews, leading American architect and designer of the Kentucky Capitol building at Frankfort. Mack was recently divorced from Marjorie Rambeau, a photoplay star.

Miss Frederick appeared in Lexington in "Joseph and His Brethren" several seasons ago. For two years she lived in Frankfort while Mr. Andrews was engaged in his work and is much admired there where she was quite a social leader.

Many women in Finland are now employed in metal industries, on the tramways and in clerical police work.

Beautiful 1918 Maxwell Now On Exhibition

Without altering the world champion motor, the famous perfected clutch and transmission or the mighty axles, the Maxwell builders have produced a new wonder car, far superior in construction and in appearance to anything yet turned out by the Maxwell factories—we have this new and beautiful car—come and see it.

The car is larger and roomier, for one thing—the wheel-base has been increased six inches.

It is also a stronger and more rigid machine for the road.

The frame is now six inches instead of three inches deep.

And the body rests directly on this powerful frame instead of on brackets extending from the sides, as in the past.

Do you know what that means?

It means this: The firmness with which the wheels grip the road and the steadiness of the car at high speed give you a sense of security such as you have been able to enjoy before only in cars shackled with a battery of shock absorbers.

This New Car is 50 Pounds Lighter

There's a marvel of engineering for you, friends!

The car is made bigger and stronger—and yet actually lighter.

This means greater ease and comfort on the road.

More than that—it means greater economy.

And the Maxwell before was the most economical 5-passenger car in the world.

Compensating underslung rear springs—the last word in spring suspension—mark this wonderful Maxwell of 1918.

They mean greater comfort—greater economy, by lessening wear and tear on the car.

Maxwell Now Has the Style of the Costliest Cars

The new Maxwell is a car of great beauty.

It has a sloped windshield and rakish lines never before produced in any car costing less than \$1200.

Its good looks now equal its proved mechanical efficiency.

The new upholstery is richer and gives a new comfort.

Inside and out the new 1918 Maxwell is a perfected car.

We're proud to sell it.

You'll be proud to own one.

Preparedness.

I did not raise my boy to be a soldier,
Yet at his country's call he'll surely go.
I brought him up to reverence God and honor,
To ever count the base and mean his foe.

He early learned his strength was meant to succor
The weak, the wronged, the flag that waves on high,
And for such things or for a woman's honor,
No manly man has ever feared to die.

I taught him faith between all men and nations
Should sacred be as a divine decree;
'Till now, and how it stirs my heart to think it,
I know he loves his honor more than me.

A sterner hand than mine must train his body
In battle grim the craft of war to ply;
His spirit's now in arms, his will is ready
To do and dare, to conquer or to die.

Yes, he shall go where'er his country needs him;
It was my purpose when his life began;
I did not raise my boy to be a soldier,
Thank God, I brought him up to be a man.

By discovering the River of Doubt Col. Roosevelt gained little fame and favor. Had he discovered the river of gasoline he might have been the most beloved of mankind.

STEPS TAKEN TO PREVENT SHORTAGE OF PRINT PAPER

The Federal Trade Commission took steps Saturday to prevent news print paper prices increase on false reports of short supply.

The newspaper publishers throughout the country were directed to keep the commission informed monthly as to their rate of consumption and the amount of paper stocks on hand. Already manufacturers are required to furnish production reports.

The sharp rise in prices last year was charged by the commission in large measure to the suggestion of manufacturers that they could not keep up with the rate of consumption. The commission's investigation showed there was no actual shortage. The commission intends that a similar situation shall not rise again.

CHAMBERLAIN'S COUGH REMEDY THE MOST RELIABLE.

After many years' experience in the use of it and other medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes: "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

J. W. PURCELL & SONS, Blue Lick Springs, Nicholas Co., Ky. (12-24)

The many friends of Mr. Toadvine will be glad to learn of his good fortune since leaving home last spring. Several months ago Mr. Toadvine went to Pittsburg, Pa., where he secured a position with the Pennsylvania R. R. Co. He was soon promoted to brakeman, and a few

the Millersburg church. He has made friends with all he come in contact with, and did much in building up the church, both spiritually and in many other ways. While with us he took his degrees in Amity Lodge, No. 40 F. and A. M., and about two years ago was united in marriage to Miss Daniel, of Owenton. Last May they rented property in Millersburg, and our good people believed that they were to have the most estimable couple with us for some time. Mrs. Goldsmith, like her husband, entered into all that was good on arriving at Millersburg, and was soon recognized by her church as a leader in everything she undertook. A few weeks ago Rev. Goldsmith received a call from the Baptist church at Paris, which he accepted. It is with great pleasure that we commend this couple to the good people of Paris, fully realizing the fact that our loss is their gain.

DEATHS.

CURTIS.

The funeral of Mrs. Ellen Curtis, aged eighty-three, who died of dropsy at the home of her step-granddaughter, Mrs. Jos. King, near Wade's Mill, was held in the Winchester Cemetery. Mrs. Curtis is said to have been one of the oldest residents of Clark county. She has a number of relatives in Bourbon county.

DANIEL.

Mr. J. M. Daniel, aged fifty-two, one of the best known citizens of Clark county, died at his home in Winchester, Monday night, of heart trouble. Mr. Daniel was a native of Powell county, and was a very popular business man. He was a son-in-law of the late Mr. J. W. Pace, who was killed in an auto accident near Paris some time ago, and is survived by his widow, who was formerly Miss Carrie Pace, one son, Robert, and one daughter, Miss Cora Daniel, all of Winchester.

Funeral services were held at his late home, on Winn avenue, in Winchester, at four o'clock Tuesday afternoon, conducted by Rev. George W. Banks, of the First Methodist church. The interment was in the old Hardwick burying ground at Clay City.

BOWLES.

The funeral of Miss Mollie Bowles, aged eighty, who died Wednesday afternoon at four o'clock, at the residence of Mrs. Bruce Collins Hall, on Walker avenue, after an illness of several months of uraemic poisoning, will be held at the home of Mrs. Hall, at two o'clock this (Friday) afternoon, with services conducted by Rev. J. T. Sharrard. The remains will be taken to Millersburg for interment in the Millersburg Cemetery. The pall-bearers will be Joe Penn, Nedmon, Lloyd Ashurst, Allie Rowland, Thos. Bowles, Ed. Allen and Forrest Buchanan.

Miss Bowles had been an invalid for a number of years from a complication of troubles, and her death was due to uraemic poisoning, and the complications incident to old age. She was a woman of lovely Christian character, loved and respected by a large circle of friends.

She is survived by one brother, Martin Bowles, of Millersburg, and the following nieces and nephews: Mrs. Ed. Allen, of North Middletown; Mrs. Bruce Hall, Mrs. Oscar Miller and Mrs. George Harper, all of Paris; Thos. Bowles, of Millersburg, and Thos. Allen, of North Middletown.

THE AMERICAN CAVE MAN.

The cave man has long been supposed to have lived only in the old world, and if the term is used to mean the very primitive species of homo sapiens, this is true. Explorations made in Kentucky this year by scientists of the American museum, however, show that primitive men did live in caves in America. In the Mammoth Cave and others they found unmistakable evidence that the mouths of the Kentucky caverns were used as dwelling places, and that the Indians explored the caves and mined quartz in them. This is especially interesting because it is known that Indians did not live in this region after its discovery by white men. The American cave dwellers, therefore, must have belonged to an earlier period.

MATRIMONIAL.

SCOTT—MAHONEY.

Rev. W. E. Ellis, pastor of the Paris Christian church, performed the marriage ceremony at his home at the corner of Main and Tenth streets, Wednesday afternoon, uniting Miss Florence Scott and Mr. Strother Mahoney, both of the North Middletown vicinity. The couple drove to Paris and secured a marriage license Wednesday from County Clerk Pearce Eaton.

SHEARS—INGELS.

Miss Leona Shears, of Danville, and Lieut. Ben Ingels, Jr., of Lexington, were married Tuesday at the home of the bride's sister, in Danville, by Rev. Horace Turner, pastor of the Methodist church. The groom is a son of Mrs. Ben Ingels, Sr., of Lexington, formerly of Paris, and is stationed in the army service at Camp Zachary Taylor, near Louisville. The bride is one of the most charming young women of Danville.

OFFUTT—HARP.

The marriage of Miss Kate Offutt and Mr. Henry Harp, both of near Georgetown, was solemnized Wednesday afternoon in Lexington by Rev. Mr. Bowers, pastor of the Christian church at Newtown, in Scott county. After the ceremony Mr. and Mrs. Harp left for a short bridal trip to Louisville. Upon their return they will reside on their farm near Newtown.

The bride is a daughter of the late Mr. and Mrs. Lemuel Offutt, of Scott county, who resided in Paris many years. Her girlhood days were mostly spent in Paris, where she has many friends who remember her as a girl of lovely character and amiable disposition. The groom is a prominent young Scott county farmer.

STOCK, CROP, ETC.

Mr. Wm. Cantrill, of near Jackson, will move about March 1 to a farm of 166 acres near Shelbyville, recently purchased by him at \$150 per acre.

Mr. Charles Martin, of Millersburg, purchased of E. L. Tilton, of Mt. Olivet, eight yearling mules at \$150 each, said to have been the high-water mark for this class of stock.

Messrs. A. S. Thompson & Son, of near Paris, bought this week of Mr. W. W. Noble, of Ohio, his premium yearling Southdown ram at a fancy price. They made the following sales of Southdowns: One yearling to Jos. M. Hall; one yearling to Wm. Grimes, and one yearling to Henry V. Thompson, of Clark county.

Mr. Thomas Henry Clay, Sr., made the following purchases this week: 54 head of feeders, averaging 1,068 pounds, of Leonard Weil, of Lexington, at nine cents; of W. A. Thomason, of North Middletown, 45 head, averaging 1,002 pounds, at nine cents; 130 ewes from Jonas Weil at \$9.75 per head.

EIGHTY COUNTIES ORGANIZED FOR FOOD PLEDGE DRIVE

Eighty counties have been organized by the forces under Federal Food Administrator F. M. Sackett for the pledge card campaign, which will eliminate in a drive, both State and National, during the eight-day period from October 21 to 28. Mr. Sackett and W. E. Morrow, who was selected by Herbert Hoover as expert campaign manager for Kentucky, announce that assurances had been received that every county in Kentucky would be organized before Oct. 21.
